E-BOOK READER

With this 6 inch E-book reader, you take all your favourite books with you. The reader is light and thin and has a 6 inch screen, which gives you the impression that you read from paper. Very convenient for traveling, now you can take hundreds of books with you at the same time. With the build in 2GB memory you can store up to 1300 titles. Via extra memory (up to 32GB) you can even store 20.000 titles. Thanks to the E-ink technology this e-book reader reads like a real book, because the screen has no light, you can read for hours even with direct sunlight under almost all angles.
